Policy Statement

The Approved Provider (Management Committee) will ensure that the Centre has a Nominated Supervisor to manage the day-to-day running of the service. The Approved Provider will ensure the Nominated Supervisor has the appropriate training, knowledge and experience to enable them to comply with Education and Care Services National Law and Regulations and guide the day-to-day decisions of the service for the well-being of all involved.

- Concord OSHC Policy E-5: Excursions

Procedure

Under the Education and Care Services National Law, all Approved Providers must ensure that there is a Nominated Supervisor in charge of the Centre at all times. The Nominated Supervisor of the Centre is generally the Centre Director. The Nominated Supervisor must accept their position in writing.

The Approved Providers of the Centre may become the Nominated Supervisor for their service, or otherwise employ an educator who currently holds a Supervisors Certificate to consent to be the Nominated Supervisor.

The Nominated Supervisor is responsible for the following:

- Developing and implementing educational programs in accordance with the “My Time, Our Place” Framework and National Quality Standards, taking into account the individual differences and developmental needs, interests and experiences of each child
- Ensuring all children in the service are appropriately supervised, free from inappropriate discipline and free from harm
- Ensuring all policies and procedures within the service are developed, reviewed and implemented in accordance with current legislative requirements, especially the National Regulations, National Law and National Quality Standards
- Ensuring children do not leave the premises of the Centre except in accordance with the National Regulations, for example, with a parent / authorised person, on an authorised excursion, for emergency medical treatment
- Ensuring that a parent of a child enrolled at the Centre may enter the service premises at any time when the child is under the care of the service, except when:

- entry of the parent would pose a risk to the safety of children and staff or compromise the duty of the supervisor under National Law
 - the parent is prohibited by a court order from having contact with the child
- Ensuring that unauthorised persons at the Centre are under direct supervision while children are present
- Implementing and ensuring all educators and volunteers implement adequate health and hygiene practices including safe practices for preparing, handling and storing food
- Ensuring children have access to safe drinking water at all times, and are offered food and beverages on a regular basis throughout the day
- Ensuring that the food and beverages supplied by the service are nutritious, adequate in quantity, and chosen with consideration of individual children’s dietary requirements and taking into account their growth and development needs, along with any cultural, religious or health requirements
- Ensuring that a weekly menu is displayed on the premises of the service and is accessible to parents, accurately outlining the food and beverages to be provided
- Ensuring medication is not administered to a child unless authorised (with the exception of an anaphylaxis or asthma emergency) and in accordance with the National Regulations. Where medication is administered to a child without authorisation (in the case of an anaphylaxis or asthma emergency), the Nominated Supervisor must ensure the parent of the child and emergency services are notified as soon as practicable.
- Ensuring reasonable steps are taken to meet the sleep and rest needs of children with consideration to all ages, developmental stages and individual needs of children
- Ensuring that a risk assessment is conducted prior to an excursion in accordance with the National Regulations
- Ensuring appropriate staffing including staff / child ratio requirements and ensuring all staff meet the qualification requirements of the service. Ensuring all reasonable precautions are taken to protect children from harm and from any hazard likely to cause injury whilst in the care of the service.

The Nominated Supervisor must not consume alcohol or be affected by alcohol or drugs (including prescription medication) so as to impair their ability to supervise or provide education and care to children at the Centre.

Approved Centres must display the following at all times:

- The name of the Nominated Supervisor
- If the Nominated Supervisor is a member of a prescribed class, for example, Principal of a school

This must be displayed in a location which is easily visible from the main entrance to the service.

Notification of Change

If the Nominated Supervisor either ceases to be employed at the Centre or withdraws consent to the nomination, the Approved Providers of the Centre must notify the Regulatory Authority prior to the commencement of employment of the new Nominated Supervisor, or as soon as is practicable, but no later than 14 days afterwards.

Absence of Nominated Supervisor

In the event that the Nominated Supervisor is absent, a person at the Centre who has been selected to be a Service Supervisor is able to take charge of the day-to-day running of the service. The Service Supervisor does not have the same roles and responsibilities as the Nominated Supervisor and is usually the senior staff member working at the Centre.

There is no maximum number of Service Should a Service Supervisor be in control of a Centre during a session of care, their details must be on display with the Nominated Supervisor details.
